Hi Steve –

Sorry about that! We checked the links a few months ago but it may need to be updated. I am copying our economist, Judith, who may have a copy of the document that can be distributed or a more up-to-date link.

Thanks,

Niva

Niva or Nathan,

Can you provide an accurate link or a copy of the “IRTA, 2015” reference on page 39 of the Paint Stripper Panel presentation? It currently points to an apparently non-existent “#_ENREF_15” hyperlink.

thanks

Steven Bennett, Ph.D.

Subject: Invitation - SBAR pre-panel outreach meeting for Proposed Rulemaking under TSCA Section 6(a) for N-Methylpyrrolidone and Methylene Chloride in Paint Removers - June 15 @ 1:30 pm (Eastern)

On behalf of the Small Business Advocacy Chair, I cordially invite you to participate in a meeting on Wednesday, June 15 in Washington, DC to discuss EPA's upcoming rulemaking under Toxic Substances Control Act (TSCA) Section 6(a) for N-Methylpyrrolidone and Methylene Chloride in Paint Removers.

ED 001625 00006889-00005

TSCA Section 6(a), regulatory options, estimated costs, and responses to comments we received from SER input following our meeting in March.

• **Appendices for SBAR Panel** – PR -2016-01-01 – Additional Cost Information, Information on the Efficacy of Paint Removers, Support from Department of Labor, Articles on Methylene Chloride in Paint Removal, Alternative Paint Removal Product List (SER request), OSHA Assigned Protection Factors for the Revised Respiratory Protection Standard

In addition to these background material, an agenda for the June 15 meeting and a short presentation describing the SBAR Panel process are attached.

Some of you submitted comments in response to EPA's pre-panel outreach meeting back in March. The SBAR Panel will consider these in addition to your oral and written comments on or following the June 15 meeting and will prepare a report to the EPA Administrator on the potential small entity impacts of this rulemaking and on potential ways to reduce those impacts.

If you have any additional written comments, please send them to me at jutras.nathaniel@epa.gov. To ensure that your input is received in time to be fully considered by the SBAR Panel, I am requesting that you provide any new or remaining written comments by **June 29, 2016**.

More information about serving as a Small Entity Representative can be found at our frequently asked questions page <http://www.epa.gov/sbrefa/faq.html>.

Thank you and we look forward to your receiving your valuable input.
